CRISTIANA MASI

Italian Trend for Wall

COLLECTION

# Friends & Coffee

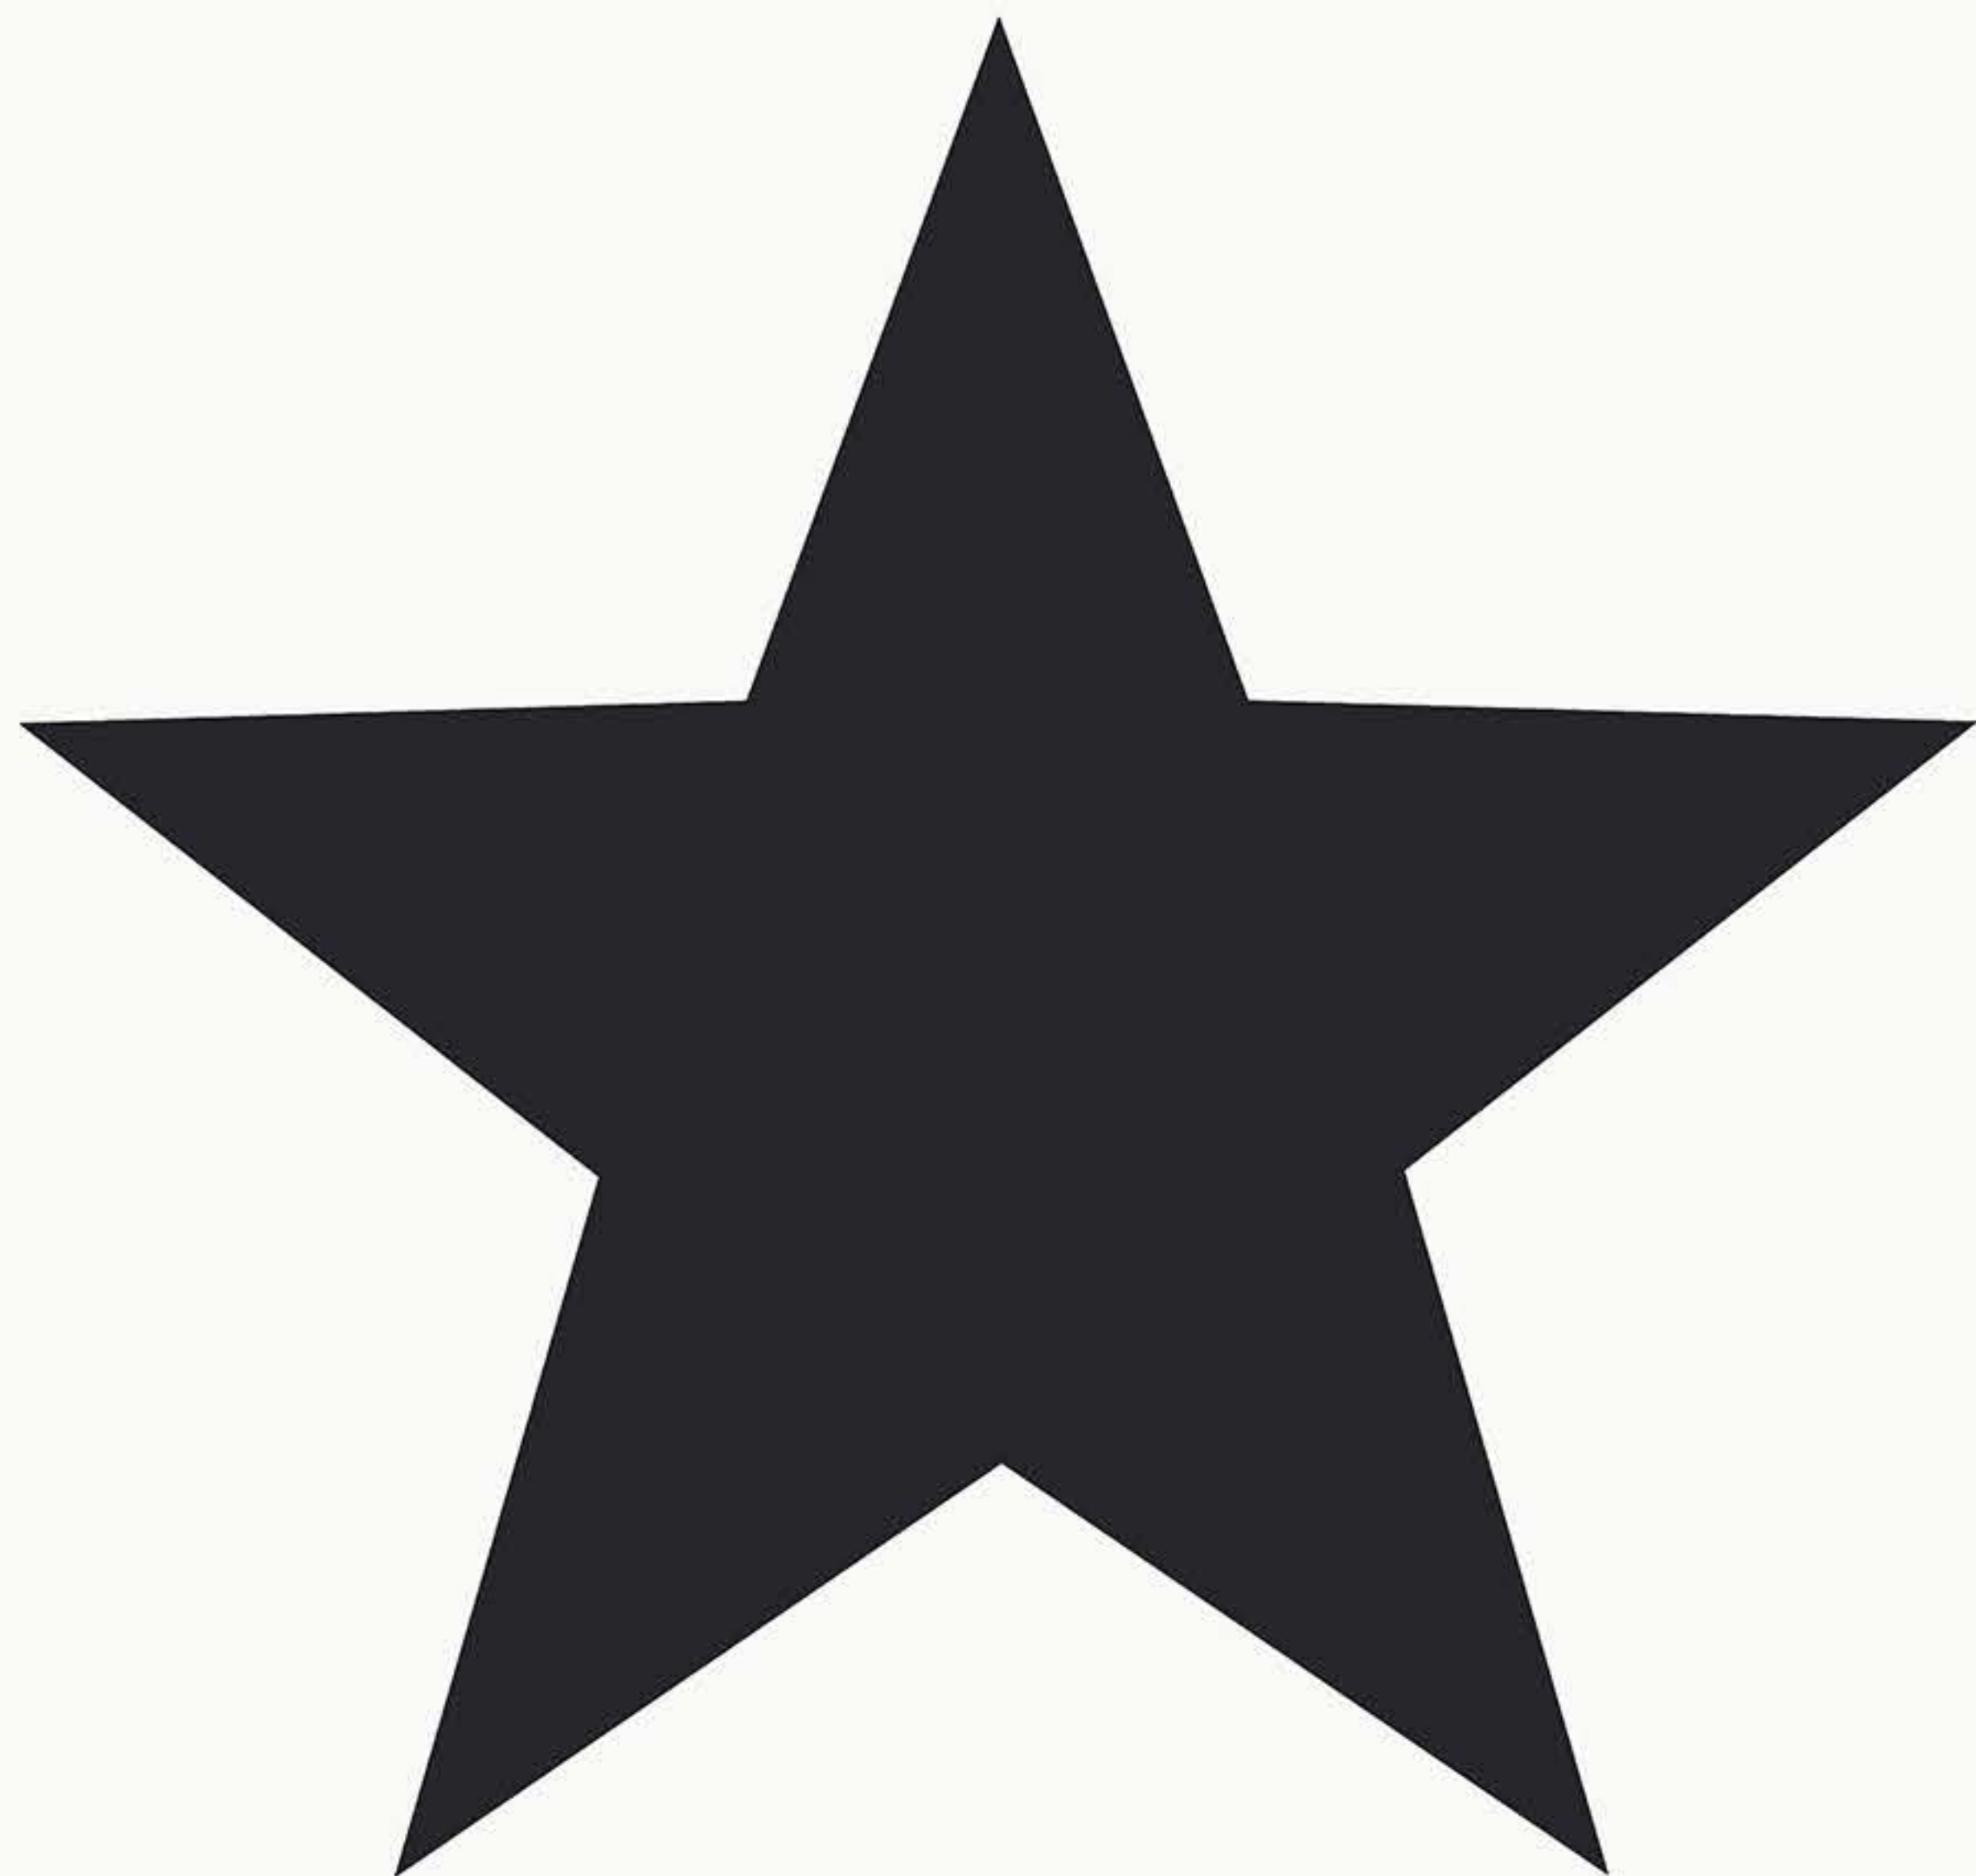

Forever Young !  
Colored, eccentric and fashionable , this is how the new millenium young people's rooms are. A bold design full of style characterized by themes and colors reflecting the interests and poersnality of an unconventional generation. It embraces the curiosity and it explores the big cosmopolitan cities, dabble by the street art and celebrate the inner world with adventurous trips through a daydreaming style.
