ABOUT

The timeless elegance of classic wallpapers is like an open invitation to decorate in line with personal preferences, moods and trends. The different styles of classic wallpapers provide a wide range of design possibilities relating to individual tastes.

Classic wallpapers create an authentic atmosphere, they awaken memories and are the ideal design tools for interiors with a strong reference to a particular style era. But they can also serve as a stylistic contrast for ultra-modern interiors. Traditional, or classic styles, usually include damask, floral stripe, paisley, acanthus scroll and winding vines.

Adorn your walls with one of our unique classic wallpaper designs, add warmth and character to your living space. Discover our extensive selection of classic wallpaper and create an alluring feature wall.
