MARBURG

Struktura III

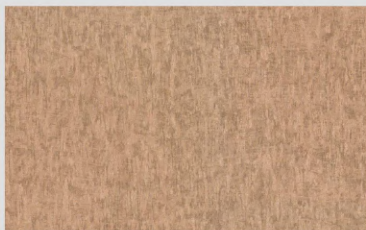

Rough, earthy brick and clay textures emerge in a warm brown tone palette. The surface carries subtle depth—textured non-woven layers simulate weathered masonry under soft light. The pattern's geometric arrangement of brickwork exudes a grounded, natural strength that feels tactile yet refined.

MARBURG

Energy 1191970

Soft earthy brown tones blend with a subtle textured finish, as though brushed on raw canvas. The surface carries light embossing that hints at natural fibers and warm terracotta undertones. The effect is grounded and tactile, with a quiet, organic elegance.
